## Mittons' In Touch Update

**“For I was hungry, and you gave me something to eat;  
I was thirsty and you gave me something to drink.”**

**Every Monday afternoon around 4:30 p.m. Kim jumps into the car and heads out to hook up with 2 other ladies, Jen & Deb. Together they set up tables and chairs for the 10-16 kids that will shortly arrive to receive a meal followed by a brief Bible study and games.**

**They all arrive with empty stomachs and tons of energy! The kids are served a meal by the volunteers. It is their way of saying .... “We love you .... We accept you for who you are ... We want to be your servants tonight!”**

**Some of the kids parents have been coming out too and have chosen to hang out in the church basement until the kids program is done. This past Monday 2 neat things happened with the parents. In the course of a conversation Kim asked the ladies if any of them would be interested in being involved in a knitting class. Much to her surprise almost all of them were thrilled with the idea. *Pray for Kim as she seeks to know how to best set up this kind of an activity, preferably in one of the parents home.***

**As the evening was coming to an end some of the parents showed an interest in watching our DVD presentation on our work in Benin. One lady in particular was amazed that we actually went and spent 18 years in Benin. God gave us the open door to tell them that no matter where we live, that we are committed to loving folks of all nationalities.**

*Pray for us as we want to visit every family in the near future and get to know them better within their context and environment. Pray also for more volunteers in the kitchen.*

**Love always, The Mitton Clan**

*‘Life is the sum total of what you do with the moments given you.’ (Erwin McManus)*
