

Serving with SIM Canada from Quebec ... to the world.

**“Where there is no guidance the people fall,
But in abundance of counselors there is victory... or deliverance”**

~ Proverbs 11:14 ~

Kim and I are so grateful to be surrounded by good people who offer advice, counsel & wisdom as we serve God here in Montreal. On June 22nd Kim & I met with 2 of our SIM colleagues in a quaint restaurant in the eastern part of Montreal in order to do some brainstorming about a future seminar that will be held in Montreal sometime in January 2011.

Simply put, our goal as a team is to organize a seminar in January 2011 and encourage pastors and lay people alike as they intentionally reach out to their neighbours. As we discussed issues such as location, speakers, fees, refreshments, honorariums, translation logistics, the itinerary, and so much more, it was so beautiful to see how each persons' gifts and field of expertise assisted us in making wise decisions.

We truly thank God for men like Kenton Brunner, our SIM Quebec CCx colleague (the man sitting beside Kim) and Brian Seim (the man sitting beside me). Kenton has a wealth of knowledge about Montreal, having served for many years as a networker within the Christian circle. Brian is in charge of Urban Ministries at our SIM Canada & SIM International office. His wealth of knowledge covers many continents. Together we believe that God will use this event to bless this very needy city and province! Can we count on you folks to pray for us? More details to follow down the road.

Prayer and planning is so key to reaching the spiritual needs of our neighbours. Permit us to share other timely requests which are close to our hearts.

- √ Pray for Eric as he writes his final math examine on Friday morning. It is worth 50% of his mark.
- √ Pray for Jonathan as he shares his faith with those at work.
- √ August 02-06 we are involved in a kids outreach program. May God touch the kids hearts for good!
- √ Kim & I speak on Sunday at the French church in Blainville. May we be a blessing to the couples.
- √ Brian has been asked to be the keynote speaker at a Men's retreat in Sept./10. Preparations start now.

« Accountability is a gift the Lord gave to guard us from the painful consequences of ungodly choices. » (Charles F. Stanley).
